From Glitterati : Wanderlust before purchasing it in order to gage whether or not it would be worth my time, and all praised Wanderlust:

0 of 0 people found the following review helpful. Beautiful Pictures, Arrived DamagedBy Holly GelowBeautiful book. Unfortunately mine arrived with several damaged pages. Ordinarily it wouldn't bother me that much, but we're using the book as a guest book at our wedding, so it would be nice if it actually looked new. I ordered a replacement, so hopefully will have a positive update shortly.0 of 0 people found the following review helpful. Five StarsBy Melissa JonesGreat tabletop book!0 of 2 people found the following review helpful. Low Quality PhotosBy Andrew E. PhillipsI bought this hoping for amazing photography from around the world. What I got looked like it had been taken with a throw-away camera. Within 60 seconds, I knew I had to return it. Very disappointing...maybe I just got a bad copy, but the quality of the shots, as well as the actual selection just didn't cut it, and should have never made it out of the darkroom.

Photography by acclaimed photographer Michael Clinton An extraordinary photographic record of people and places far and wide, spanning seven continents and compiled over decades Luxuriously designed with eight translucent vellum inserts and a specially commissioned pull-out map of the world A collection of essays and photographs

inviting you to enter a world of unforgettable visual adventure. Clinton's intense longing to wander the world has since brought him to every continent and face-to-face with the world's most spectacular cities, breathtaking landscapes, diverse peoples and exotic wildlife, and all the while documenting his travels with his camera and journal. Following in the footsteps of all other adventurers, a master plan that began as a pure gesture of can-do independence subsequently becomes Clinton's 'own personal road to self-discovery.' Clinton's journeys have over the years slowly manifested into countless experiences, plane tickets, journal entries, and thousands of photographs, over 200 of which are showcased for the first-time in *Wanderlust*. From Namibia's towering ochre-colored sand dunes populated with crying hyenas, to Antarctica's stark snow-and-ice covered peaks, Clinton's powerful images reveal moments experienced in places most readers can only fantasize about. As imaginative as it is inspiring, *Wanderlust: One Hundred Countries* is at once a personal account of Clinton's passionate desire to travel the globe, as well as one-man's celebration of what life can offer so that others might be reminded to keep their own dreams alive.

About the Author Michael Clinton is Executive Vice President, Chief Marketing Officer and Publishing Director for Hearst Magazines. His responsibilities include overseeing fifteen publications, including *Harper's Bazaar*, *Marie-Claire*, *O: The Oprah Magazine*, *Seventeen* and *Esquire*. Clinton has served on the boards of the Volunteer of America and The Starlight Foundation. Currently, the author is on the acquisitions committee of the International Center of Photography in New York and is an advisor to Friends Without Borders. He lives in New York City and Southampton, New York.
