I was a little disappointed because the that I received did not really match the name of the item. The Map says it covers Timpanogos but it does not go farther north than Spanish Fork. Also, the pictures for this map shows Pleasant Grove as being included which is not true as well. If you want the actual Timpanogos map you will need to buy the Wasatch Front North map.Even though I purchased the wrong one, Ive decided to keep the map to possibly use in the future.1 of 1 people found the following review helpful. Five StarsBy KennethGreat map0 of 0 people found the following review helpful. It's a very good map.By rmanniExactly what I needed. Trails marked and designated as atv, single track, hiking etc. Gps coordinates, and it's plastic coated for weather protection. It's a very good map.
