before purchasing it in order to gauge whether or not it would be worth my time, and all praised *We Are Going to Brazil: Everything* (well, almost everything) Americans wanted to know about going to the soccer World Cup in Brazil, but didn't know who to ask.:

0 of 0 people found the following review helpful. Don't waste your money!By FrankLarge type, large margins, large waste of money!Very disappointed in the quality of this PAMPHLET!Don't bother buying this skimpy rip-off!

Comprehensible guide for soccer fans traveling to Brazil to attend the World Cup. Learn from the experiences of a soccer enthusiast that has spent half of his life in Brazil and the other in the USA (with more than twenty trips between the two countries). When the author's plans to attend the World Cup started to fall through due to an injury, his friends (that were counting on him to guide them through the intricacies of traveling to a different cultural environment) became so disappointed that he felt compelled to write a list of the challenges and new experiences they would encounter. He wrote the same advice, explanations and heads-up on what to expect as he would give if he was going to be by their side, guiding them through the entire trip. This book was also built after listening to the questions (about going to Brazil) that other soccer fans around the country had, from the most obvious to the most obscure. It contains facts, curiosities, comparisons, stories, lists, key words, and details that only a local would be able to give you, but in plain English.

About the AuthorJoey Uliana is an airline pilot and soccer coach during the day and author at night. Exploring different cultures is high on top of his list of favorite things-to-do, and when he's not traveling for a living, he's traveling for fun. His passion for writing, soccer and travelling, combined with his goal to help people get the most of every second in life and a "the-glass-is-always-full (either with water or air)" mindset have prompted him to write about real life situations (with both serious and comical outcomes, but never boring ones).
