From Barefoot Books : We're Sailing To Galapagos (Travel the World) by Laurie Krebs (2005-02-28) before purchasing it in order to gage whether or not it would be worth my time, and all praised We're Sailing To Galapagos (Travel the World) by Laurie Krebs (2005-02-28):

0 of 0 people found the following review helpful. I love, love love this seriesBy Nereida ThompsonI love, love love this series! I use the different books in this series to add some dash to our factual information. The book is easy enough for the children to read on their own. It highlights areas of geography, we are learning about in a fun way.1 of 1 people found the following review helpful. Great kids book.By Ernest SilvaI like the book. Very entraining for the kids. Great illustrations and there is a section that describes the places. I will continuie to buy these books. Highly recommended.1 of 1 people found the following review helpful. Great kids book for the GalapagosBy Richard H. FrohardtA great book for the children going to the Galapagos. It really gives them some idea. Buy it for any younger kids
