Use as anniversary gift By A Customer Haven't even read it yet....but found it just the way I was looking for to "gift" a young couple a weekend away to celebrate their wedding anniversary! this book there are great little romantic restaurants, trails for a walk, live theater, small wineries with amazing views, but there is hardly any information on this in the book. If you are interested only on the BB and places away from the touristy cities, you can find some interesting places where you may not heard of. Some of BB are kind in the high price range, like high \$200 or \$300.
