**Mark Moran, Mark Scurman : Weird N.J.: Your Travel Guide to New Jersey's Local Legends and Best Kept Secrets** before purchasing it in order to gauge whether or not it would be worth my time, and all praised **Weird N.J.: Your Travel Guide to New Jersey's Local Legends and Best Kept Secrets**:

0 of 0 people found the following review helpful. Love these. By Teresa I love these books. This one seemed to be more generalized than the individual state books, but there were still some good stories and the book was still really cool to go through. 0 of 0 people found the following review helpful. What a great book! Can't beat the price either. By Gwen Mason What a great book! Can't beat the price either. Was used and marked as used but DEF in better condition that stated. Very impressed and will go through this seller again! 1 of 1 people found the following review helpful. good read and some great stories. By Jason this is a great read, I am working in New Jersey for an extended period and love to see some of the not so famous sites, this book has it all, different haunted stories and just some crazy stuff that has happened here and some places that you can still go see. if you are going to be spending any time in NJ or live here I would recommend this book as some of the stories are very interesting.

Praise for **Weird N.J.**: They are the chroniclers of the creepy, bards of the bizarre. Mr. Scurman and Mr. Moran have created a journal of New Jersey's unwritten history. The New York Times Enough with the head-severing mobsters of Jersey. The state is packed with far more evil than TV could ever invent. And **Weird N.J.** has the pictures to prove it.

Rolling Stone If its the offbeat, paranormal or downright weird that you cravethere could be no better placeUSA Today

From Publishers WeeklyThere's much more to New Jersey than highways and diners, and Scurman and Moran do their part to exalt the state's lesser-known virtues in this "journal of strange travels," which goes far beyond the legend of the Jersey Devil. The book, which sheds light on "slightly offbeat or left of center" oddities of the Garden State, is a kooky compilation of roads less traveled, unexplained phenomenon and unsolved mysteries. The authors divide their work by subject, so there are chapters on strange roads (including Franklin Lakes's "gravity road," where cars in neutral travel uphill "as if forced by unseen hands"), local heroes and villains (such as Wyckoff's Midnight Walker, who's been scaring Bergen County teenagers for years) and eccentric abodes (like Richie and Leila Zorzi's Kendall Park home, which boasts a bowling ball collection on the front lawn). In a more serious vein, the book also devotes a good chunk of pages to more unusual aspects of New Jersey's history. The magazine-like format, perked up with numerous photos, perfectly suits the subject's quirky nature. Copyright 2003 Reed Business Information, Inc.
