Mark Moran, Mark Scurman : Weird U.S.: Your Travel Guide to America's Local Legends and Best Kept Secrets before purchasing it in order to gage whether or not it would be worth my time, and all praised Weird U.S.: Your Travel Guide to America's Local Legends and Best Kept Secrets:

0 of 0 people found the following review helpful. Love these.By TeresaI love these books. This one seemed to be more generalized than the individual state books, but there were still some good stories and the book was still really cool to go through.0 of 0 people found the following review helpful. What a great book! Can't beat the price eitherBy Gwen MasonWhat a great book! Can't beat the price either. Was used and marked as used but DEF in better condition that stated. Very impressed and will go through this seller again!1 of 1 people found the following review helpful. good read and some great storiesBy Jasonthis is a great read, I am working in New Jersey for an extended period and love to see some of the not so famous sites, this book has it all, different haunted stories and just some crazy stuff that has happened here and some places that you can still go see. if you are going to be spending any time in NJ or live here I would recommend this book as some of the stories are very interesting.

Whats weird around here? Thats a question Mark Moran and Mark Scurman have enjoyed asking for yearsand their offbeat sense of curiosity led them to create the best-selling phenomenon, Weird N.J. But why should they stop at New

Jersey when there's so much that's strange, odd, and utterly nutty all across the U.S.? So they've expanded their universe, taken their act on the road, and found stories of weirdness in every state in the nation. The result is a travel guide of sorts, but to the kind of places voyagers will never find on their everyday maps. Instead, it's chock full of the local legends, crazy characters, cursed roads, abandoned sites, and bizarre roadside attractions. So come along and visit such unique spots as Midgetville, explore long-empty insane asylums, and go through forgotten tunnels but keep in mind that the maniacal Bunnyman just might be hiding out in one of them. Some of what's out there is disturbing, some of it's hilarious, but all of it is unforgettably weird.
