Jeff Bahr, Troy Taylor, Loren Coleman : Weird Virginia: Your Guide to Virginia's Local Legends and Best Kept Secrets before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Weird Virginia: Your Guide to Virginia's Local Legends and Best Kept Secrets*:

0 of 0 people found the following review helpful. Outdated With Missing Info By Sarafina Donald Glad I bought this as I've been wanting to thoroughly read it for many years. However, these books are outdated and many events and locations have been left out. The summed up descriptions in the *Weird* books aren't nearly enough, there is so much more left unsaid that needs to be and I have to say I was disappointed. 1 of 1 people found the following review helpful. Old Dominion weirdness in grand and gaudy style By Boo Pugh Resident Virginia weirdo and weird-lover, here. Because of my regionalistic tendencies, I absolutely love this book. Plus it mentions a couple of phenomena that are located close to where I grew up, one of which surprised me as I never heard of it and I dig around for that sort of stuff. I've bought this 3 times; twice for myself and once as a gift. 2 of 2 people found the following review helpful. Who knew VA was so weird?! By Eileen Dougherty Our whole family has read this book. Everyone wants to know about the strange places around our state and the next step is now visiting them. My teenagers want to find the town of "little people" and my husband is excited about locating hauntings and murder sites. I'm just happy to find something the whole family can talk about together and possibly turn into a road trip. Crazy book!

Virginia is for lovers and psychics, devil monkeys, and the world's oldest ham. This homage to all things peculiar in the Old Dominion is bursting with the must-see spots other guides leave out. Check out all six haunted sides of the Octagon house, then drop by Foamhenge, a full-scale Styrofoam replica of Stonehenge. It doesn't get weirder than this!
