we neededBy AliceThe title is "What's Cheap and Free in Cancun and the Yucatan", however the content is What's cheap and free in and around Cancun (including the major tourist areas). What we were looking for was information about things to do on the Yucatan, south of Cancun (closer to Tulum), especially snorkling places, restaurants, places to go that are not necessarily the major tourist spots. When we received the book, the included DVD was coming out of the protective plastic sheet on the front of the cover and was scratched and will not play in either of our computers (though I don't know if it is due to it's being scratched or some component our computers don't have installed)so I can't tell if it would have been useful or not. Aside from my being disappointed about what was not in the book, we will likely take it with us on our trip. Maybe there will be something useful in it for us, especially if we decide to go see some of the major tourist places. 4 of 4 people found the following review helpful. This Book Is A WinnerBy New Jersey ChristineWe had a family reunion in Playa del Carmen, MX. Five families got together to celebrate my parent's wedding anniversary. We had little kids, teens, adults and my mom who has some trouble getting around. You can only imagine how hard it was to decide where to go and what to doThe DVD that comes with this book proved to be invaluable. We all watched it together and saw all of the major sites. We got to see if the attractions were kid friendly BEFORE we paid the entrance fee. My mom even went with us to Xcaret. She is not a swimmer but after watching the DVD she saw that there were lots of places to rest and lots of animals to see - the turtles were her favorite. We did as the author suggested and had breakfast and lunch usually at "home". We brought our Sam's Club card (I never thought that Sam's Club was in Mexico) so we even saved money on groceries. We ate out for dinners. Hola Asia in Puerto Morelos was one of our favorite places. The food was fantastic and very inexpensive. Our waitress was from New Hampshire. What a great family reunion. We plan on going back in five years.
