DK Publishing : Where To Go When: The Americas (Dk Eyewitness Travel Guides) (Dk Eyewitness Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Where To Go When: The Americas (Dk Eyewitness Travel Guides) (Dk Eyewitness Travel Guides):

0 of 0 people found the following review helpful. Highly RecommendedBy AAThis book gave me so many great travel ideas. It is broken up by month. Each month has categories such a adventure, nature, culture and areas of the world where these things are at their peak. Then the next few pages highlight a few of these. It doesn't have a full blown guidebook feel. This is a book of gorgeous pictures and little hints meant to inspire you. That is what it did for me.3 of 3 people found the following review helpful. Great guides.By DinoPurchased as a Christmas present for my wife. She is really happy with these guides as she is "dreaming" (or maybe I should say planning) all the places she/we would like to visit some day. Would recommend these guides to anyone that would like to check out places to go.0 of 0 people found the following review helpful. Five StarsBy Andre L P de OliveiraAs described! Thanks!

Answering the difficult questions that today's adventurous travelers ask-where's the best place for a beach holiday in March? What are my options if June is the only time I can take a holiday? I'm getting married in November, where would be the perfect place for a honeymoon?-this is the perfect book for anyone planning a vacation or a longer adventure. Find out about the best time to go to each destination, the best places to see, and the best things to do. Whatever you want to do, you can-and in any month of the year.

It provides much more information than just average temperatures and rainfall, such as details about when to witness natural attractions and when must-see cultural events are in town (like St. Lucia's famous jazz festival, for six days in May). Each month has urban, island and adventure offerings. --Modern Bride[S]erves as a kind of travel almanac the kind that makes you wish you were very, very rich with an excess of free time... Even if you're not excessively rich with nothing more pressing to do other than trek the Alaskan fjords, The Americas is fun daydreaming material perhaps the realist response to Vollman's Seven Dreams. --bibliodkleft.com Adventurous readers can use it to preview the panoramas at 124 sites in North and South America, including Central America and the Caribbean. The authors profile sites both natural and cosmopolitan listed by the time of year at which they are at their best --Book News, Inc
