Where to Ride London, Best Riding in the City and Suburbs

About the Author Born and raised in London, Nick thought he had the city pretty well sussed but creating this guide has been a voyage of discovery rekindling the excitement a first time visitor would feel. Nick has journeyed the world, writing and contributed to many other travel books including *Rough Guides* and *Alastair Sawdays*, but this is the first time he has had the chance to cover his own beloved city and in his words there is no better way of doing it than by bike.
