Howard Tomb : Wicked German (Wicked Travel Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wicked German (Wicked Travel Series):

0 of 0 people found the following review helpful. is hysterical and a great read-through. Wicked German does not disappointBy Mike ClarkHoward Tomb's Wicked series, which came out in the 1990s, is hysterical and a great read-through. Wicked German does not disappoint, and like the others, picks up on many cultural stereotypes and uses them to hilarious effect.This book arrived in mint condition. I would definitely do business with this seller again.0 of 0

people found the following review helpful. Great and fun to read
By Crystal
This is awesome for anyone who is interested in funny things to say in another language. Would recommend to anyone who loves German too.
3 of 4 people found the following review helpful. For amusement, not for education.
By A Customer
This is a hilarious book. Anyone who reads it will understand very quickly that it shouldn't be taken seriously. But if you are a German student looking to pick up German colloquial expressions or street German, this is definitely not what you want. It is a book of humor, not an educational text.

From the sneakily successful travel series with over one million copies in print, here is the guide to help travelers gain a foothold in Deutschland. Learn to distinguish between Mettwurst, Fleischwurst, Blutwurst, Schinkenwurst, Touristenwurst, Pinkelwurst, and Zungenwurst. Praise beer like the cognoscenti: "This Malz has a strong oak flavor with a faint almond backwash" and "The tanner, curvaceous Rauchbier displays a fine set of bubbles." Critique Bavarian castles, torment skinheads, and discover all the accepted excuses for backing out of a polka evening. From the finer points of cultural exchange, such as discussing the cinema ("Why must there be action of any kind in a film? Hollywood's insistence on plot is ridiculous") to making friends in the disco ("I love your black boots/pants/shirt/jacket/hat/lipstick"), this book will make sure no German puts one uber on you again. It's on the Mark.

Language Notes
Text: English, German
