Accurate, Enjoyable and EntertainingBy By CJs PirateIt's good to know that a couple of the drives I've been on during my wanderings of the state are represented in this book. Better yet, it's great to know they were represented properly.For those who enjoy travelling this book offers trips a family could take heading East-West across the central part of the state whether than be off, or even ON I-90 or the back roads behind the glorious mountains and forests this state has to offer.Again, having driven several of these prior to owning this book I can vouch for the accuracy. The one thing I wish was offered would have been a larger overall map with the areas annotated for a better options of choices in a spur of the moment detours.6 of 6 people found the following review helpful. Best scenic road guide for Washington!By EvgenSuper book for traveling by car in remote scenic roads in Washington States.It has detailed directions and GPS locations as well.Excellent maps. Detours. Alternative routes.Rates for difficulty, scenic value, road condition etc.. all that you need from good road guide!2 of 2 people found the following review helpful. Made our vacation betterBy Uncle SkipperVery well done. We used this book to find several great drives and camping spots. And to help decide what we could skip since our vacation was only 16 days. I would strongly recommend this book to anyone traveling the back roads of Washington state.

This choose-your-own-adventure guidebook is the first of its kind to take take the easy hike offroading--and up forest roads into the lush landscape of Washington State. Most forest roads in Washington climb almost as high as some of the trails, providing vistas almost as good as those reached by foot. Featuring 75 roads throughout the state, the author outlines hikes off of each route, whether you want to start by foot at the bottom or closer to the peak. Some of these roads are paved and designated Forest Highways, while others are rough, single-lane routes where wildlife and scenery outnumber vehicles.

Detailed drives with ratings, distance and maps to the prettiest places in the state, from the best views of mountains and lakes to flower-filled meadows and sagebrush prairies.The Seattle TimesAbout the AuthorSeabury Blair, Jr. is the former outdoor columnist for the Bremerton Sun newspaper. Blair is also a hardcore backcountry skier and hiker. He created the "RR" section for the Sun several years ago, a prototype for most of the outdoor-travel sections you now find in all Puget Sound papers. One of his most popular regular features was the Hike O' the Month, and he has contributed to the website for Go West. He is the author of The Creaky Knees Guide Washington, The Creaky Knees Guide Oregon, and two guides in the Day Hike! series: Olympic Peninsula and Columbia Gorge.
