I found some of the information to be either outdated or erroneous. I called one of the parks that was listed as having what sounded like a really cool playground with tunnels, bridges, towers swings, and the woman that answered the phone did not know what I was talking about. Not a bad resource, especially if you recently moved to the area, just make sure to call before you go.0 of 0 people found the following review helpful. Becoming a tourist in your own townBy M. FisherWhen you have two school aged boys, when summer is coming, and the kids are not allowed TV or video games, a parent needs to find some local adventure.I especially like that the Wonderdads guide really covers the whole Triangle area. I found some wonderful parks in Durham that I never knew about.I found the outdoor park section and the activities sections the most helpful. The restaurant and store section were less helpful.Of course, some information is bound to be out of date. I have made good use of this Dad-tested book.
