I recommend it to anyone wishing to "visit" Chile and Argentina or to just enjoy beautiful photography.0 of 0 people found the following review helpful. Pictures of South AmericaBy gary w. nyman, m.d.I bought this book. The subtly of textures, colors and light in the photos are visually spectacular. Chile with its high desert at Atacama, lush wine country, noble mountains, and Argentina with its Glaciers, Estancias and sophisticated Buenos Aires are lovingly depicted in this book.
