The maps were still a little small for my needs.0 of 0 people found the following review helpful. Five StarsBy crossword fanNice quality book. Great information0 of 0 people found the following review helpful. A very good book for the priceBy Sea CayA very good book for the price. I would recommend for general use. I disagree with other reviewers in that I think there is too much space given to United States maps. Buy or look at a US road atlas for US maps. They are readily available, much more detailed and cheap. It is a big world outside US borders.
