Eugene Palka, Jon Malinowski, Rand McNally Inc. : World Atlas Student Workbook Featuring Maps from the Rand McNally Goode's World Atlas before purchasing it in order to gauge whether or not it would be worth my time, and all praised World Atlas Student Workbook Featuring Maps from the Rand McNally Goode's World Atlas:

1 of 1 people found the following review helpful. Looks good and will be great in the classroom! By PridentidePlan to use this text in my geography classroom this school year. Have used bits and pieces of the Student Handbook over the years and always found the format and presentation of the units to be excellent for my classes.

Thinking geographically means more than knowing where things are; it means being able to interpret geographic

information, and to make sense of our world. Using maps and engaging map-centered questions, the World Atlas Student Workbook featuring maps from the Rand McNally Goode's World Atlas, 21st Edition provides an interactive guide to the physical, human, and political features of the world, as well as the specific features of each of the Earth's continents. With this workbook, readers will be able to construct their own mental map of the world, and to see the world from a truly geographic perspective.

From the Back Cover Think geographically Thinking geographically means more than knowing where things are; it means being able to interpret geographic information, and to make sense of our world. Using maps and engaging map-centered questions, the World Atlas Student Workbook featuring maps from the Rand McNally Goode's World Atlas, 21st Edition provides an interactive guide to the physical, human, and political features of the world, as well as the specific features of each of the Earth's continents. With this workbook, students will be able to construct their own mental map of the world, and to see the world from a truly geographic perspective. Features Presents an outstanding collection of maps, featuring maps from Rand McNally. Organized with a global section and seven additional sections corresponding to each of the world's continents. Perforated worksheets enable students to work directly in the book and hand in assignments. Questions guide students from basic map knowledge to a more complex geographical understanding of each region. Photographs help provide a sense of place.
