Bonnie Behling My daughter is from China, and was doing a presentation in class about our upcoming trip to China. Most maps have an Atlantic presentation, so it is hard to visualize travel from CA to Asia. The Pacific centering was excellent, and the kids understood! Thank you!! 1 of 1 people found the following review helpful. Best I could get! By Manuel Barrero Just received the map and it's very good in detail and quality. I will use it a lot cause I'm an aviator and hope it will last long!

This Pacific-centered map clearly shows all political boundaries and capital cities. Reverse side contains an extensive index of hundreds of cities, countries, and other place names. Folded map printed on coated paper stock. Scale 1:30,000,000.
