Delorme : Wyoming Atlas (State Atlas Gazetteer) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wyoming Atlas (State Atlas Gazetteer):

1 of 1 people found the following review helpful. A Gazetteer is highly needed for backroading in Wyoming. By Michael Sausser: If your vacation plans bring you to Wyoming and you wish to experience the true Wyoming by getting off the interstates you will need more than just a highway map. Excellent source for backroads, dirt roads and even more off-beaten paths to explore. Wyoming is a BIG state without a lot of people. Stay safe and purchase a good map.

Wouldn't it be nice to always have exactly the right kind of map, whatever your needs may be? You will, with the uniquely versatile DeLorme Atlas Gazetteer Series. These topographic atlases cover individual states with the most comprehensive detail available, including back roads, backwater lakes and streams, boat ramps, forests, wetlands, trailheads, campgrounds, public lands, prime hunting and fishing spots, and countless landmarks and points of interest. You'll also find a wealth of information on everything from family outings to wilderness adventures. The Atlas Gazetteer is ideal for outdoor recreation, business travel, home or office reference, and countless other uses.
