Invites a traveler to visit YemenBy Carol S.A well written book with beautiful and interesting photos - scenery, amazing architecture, the local people, and birds. The descriptions that narrate the pictures can surprise you with sometimes amusing but seldom known facts.0 of 0 people found the following review helpful. Five StarsBy Angela BaglioGreat book. Great service. Thank you very much.

A collection of photographs which capture the essence of Yemen; from the textured terraces of Mahwit and Tawilla, to the labyrinth of lanes in the capital, Sanaa; from the bustling market life of the Tihama people, to the tranquility of marine life on Uqban Island in the Red Sea.
